

And the band played on

Friday night Band Director Billy Harrell presented a fine treat for the fans at the Owl-Carrizo Springs battle. He presented a dual band in the form of the Fifth and Sixth Grade band and the Owl Band in a refreshing half-time show. Again he had Wayne Stein on the loud speaker in a clever introduction. Young bandsters turned in a good performance for their very first time on the field and the Owl Band came in with superb backup arrangements. Photographer James Overstreet managed to capture this many of the future Owl band members in their initial performance.

FAMILY MEETING

It seems that last Thursday was my day to meet the Joe Graneri family, or part of it anyway.

Thursday morning, Harry Filleman and I drove out to Colby Joe Heyen's place to snap some pictures of the damage done by a small twister (apparently) that whipped through the edge of his barnyard, ripping up trees and whisking tin roofing some three hundred yards up the hill into the yard of his brother Clay Heyen.

Cappy Heyen, as everyone but me knew, is the daughter of Mr. and Mrs. Joe Graneri of Medina Lake.

Well, that afternoon Filleman and Johnny Muennink asked me to ride with them to Medina Lake to see how much water was going over the spillway. We went through Castroville and picked up Postmaster Floyd Tondre and the four of us enjoyed a visit up River Road to Medina Lake dam.

Before coming home we stopped by Joe's lake spot and I got to meet him and his wife.

Joe was telling us that he had been in that vicinity for 53 years and he has seen high waters at various times. He said the highest the water ever went over the spillway was in 1935 when it ran as high as six feet over. In 1958 it was between three and four feet. This time the official record shows 29 inches. Thursday I think it was rushing over at about 18 or 19 inches. It was a lot of water anyway.

On the way up we stopped at the diversion dam and took a look at the water pouring over it. I hope that in this week's Anvil Herald there are some pictures showing all this water. I snapped them, but as always am uncertain if any came out.

Anyway, it was nice getting around to meet these people and at the same time provide some coverage of how high the water did get around Medina Lake dam.

One other fact that lightened my heart was that Joe told me he has been a subscriber to the Anvil Herald for the past 15-20 years.

A NOTE I FOUND ...

... on my desk in hand writing I could

Panther growls grow louder in District 28-AA battles

Panther Country cuts a big swath on both sides of the Medina River and the growls and howls heard faintly so far this year have now begun to resound over Dunlay Hill and across the Hondo to Owl roost.

Coach Gene Swinge and his Medina Valley charges brought an abrupt turn-about in the district outlook last week when they staged a brilliant come-from-behind 14-13 win over Southwest.

Exploding in the final minutes, the Panthers marched down the field to score and win, thus making every eye in Owl-land focus sharply on the tiny Alsatian village along the Medina.

Medina Valley now boasts a 3-1 District 28-AA record as does Devine, but they appear to be a more potent foe this week to the Owls leading the conference at 4-0.

"They have a good, strong team," Coach Nelson Bippert said. "And they want to win!"

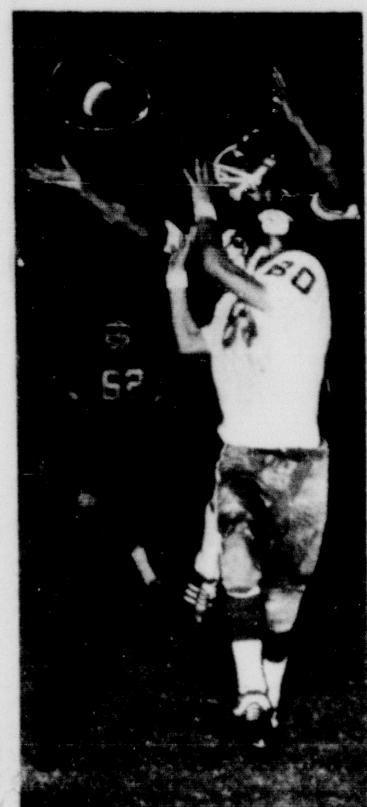

The scouting report shows the Panthers run from a strong set, or power set.

"They also run out of a tandem set or tandem I," Bippert pointed out.

This formation brings back memories of the power teams noted for "four yards and a cloud of dust." And Hondo coaches have told Owl gridsters this week, "the Panthers are tough, don't make any mistake and think otherwise."

Junior Glynn Tschirhart guides the team from his man-under slot and "he's good," say Hondo coaches. He can run and throws well, as can be attested to by the Dragons last Friday when they thought they had the battle wrapped up. But Tschirhart completed four of five passes and took the Panthers in for the score. He has two fine ends in Ricky

House re-mapping pits Poerner and Schulle

It seems that the new re-districting plan announced last Friday for the Texas House of Representatives came as a complete surprise to Rep. John Poerner of Hondo.

The final plan apparently contained a last minute change that created a new rural district which pits two incumbent representatives, Poerner and Gerhard Schulle of San Marcos.

Poerner's old district 49 was comprised of Medina, Uvalde, Frio, Dimmit and Zavala counties.

The new District 45 has 78,090 people, which is 3,445 over the ideal district population of 74,645. It will be comprised of Bandera, Blanco, Frio, Hays, Kendall and Medina counties and census tract numbers 1720, 1820, 1821 and 1916 of Bexar County. These census tracts in Bexar County comprise the extreme North-west corner of the county.

Poerner, in a Wednesday morning statement to the Anvil Herald, said of the new plan:

"The recent House Redistricting Plan drawn by Lt. Gov. Ben Barnes and adopted by three other members of the Re-Districting Board, was a total surprise to me. In fact, Representative Schulle and I had no advance notice that we were being paired in the final drawing of the Redistricting Plan.

"Prior to the final bill, my district was to be composed of Medina County, Frio County, Uvalde County and 24,000 out of Bexar County. Representative Schulle had most of his old district.

"I would assume the present gubernatorial race played a substantial part in the way the district was finally drawn."

Over the weekend, a San Antonio paper quoted Poerner on his reaction to the new plan and he answered:

"I haven't decided which direction to go, yet. There is a possible legal challenge to the plan. I do know that I can't move from Hondo, for my roots are tied there. I have considered running for State Senator providing Sen. Wayne Connally decides to run for Lieutenant Governor. But those have just been thoughts to this date."

The legal aspects mentioned by Poerner have been brought to the forefront by Sen. Oscar Mauzy of Dallas. Mauzy announced Saturday that "a federal court suit will be filed--possibly this week--challenging the constitutionality of the House reapportionment plan enacted into law by the legislative redistricting board."

Halloween Carnival all set

Finals plans were made Monday night for St. John's PTC Halloween Carnival slated for the Courthouse Square in Hondo Saturday, October 30.

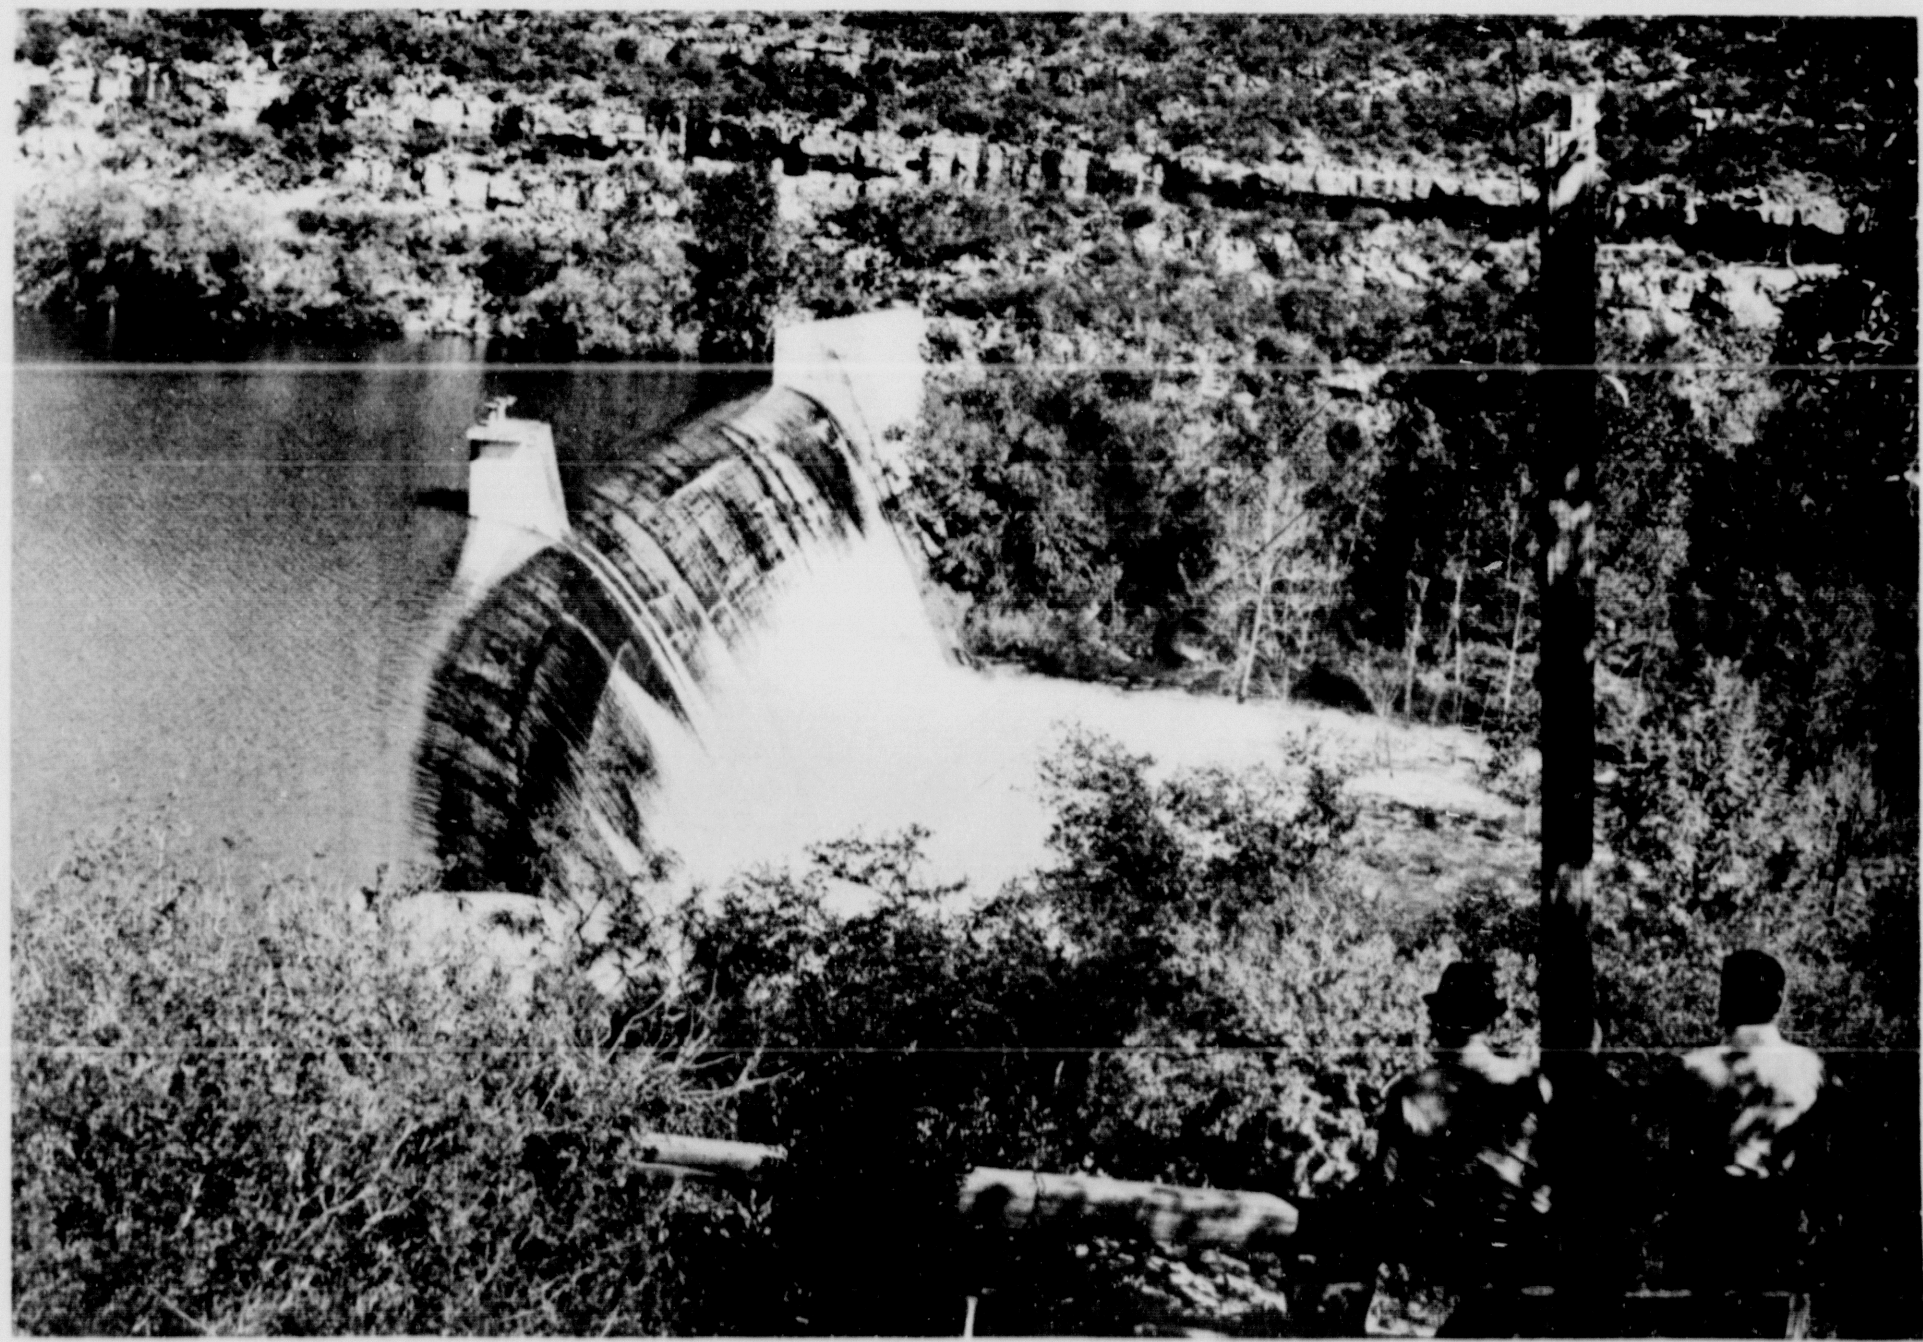

Festivities will begin at 4:45 p.m. with the costume parade to assemble at the west entrance of City Hall. Judging will be held at 5 p.m. with prizes for the best and most original costumes.

There will be food and games a plenty such as hot dogs, tamales, chile and chips, corn-on-the-cob, candy, coolides, bunuelos, coffee, hot cocoa and cold drinks.

Games and amusements will be spook house, hay ride, fish pond, games table, apple dunk, beauty shop and hoop-la.

Remember all this fun will take place from 5 to 9 p.m. Saturday, Oct. 30, at the Courthouse Square.

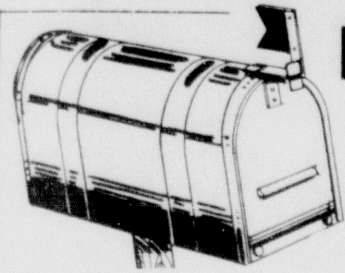

In case of rain all activities will be moved to the National Guard Armory.

That's plenty of water

Water pouring over the diversion dam below Medina Lake made a pretty picture last week and Harry Filleman, left, and Floyd Tondre of

Castroville enjoyed the view from this vantage point. Rains above Medina put the lake over the spillway by some 29 inches.

Letters from the mailbox

Dear Sir:

Whitetail Lodge, the new motel, seems to be coming along nicely and should be ready for occupancy before too long. It is very nice and is something that Hondo has needed for many a year.

Something else Hondo has needed for many a year is pride in its local industries. I don't know who the ramrods were in charge of construction, but their choice of bathroom fixtures was in poor taste. Bathroom fixtures are made right in their own back yard by Universal-Rundle Corp., a very significant factor in the town's economy. We employ 150 people and at our present rate will produce an annual payroll in excess of \$900,000.00. Something to be ignored?

The number of fixtures involved at the new motel is rather insignificant. There may be some 60 involved, but since we are producing

at the rate of 31,000 pieces per month, it is not too difficult to see that the manufacture of 60 fixtures would keep us busy for about 18 minutes, so we won't worry about that.

We will worry about what other people's reaction will be. What will we tell people we know who sooner or later will stay at Whitetail Lodge when they ask us why the owners didn't use our fixtures. I for one, sure can't answer that question.

Hope the Universal Rundle president and Board of Directors won't be too mad, but they will be.

Hondo wants industry? Shop at Home? Lip Service. Very truly yours, W. S. Porter Plant Manager Universal-Rundle, Corp. Hondo, Texas 78861

Dear Sir:

I have recently read in the Texas Star in the magazine section of the Wichita Falls Times an article con-

cerning the "welcome sign" in your city.

I think this is a very unique and splendid sign and I'd like to buy some post cards of it to send to friends and family out of the state.

I'm sure they will appreciate this bit of Texas history as much as I do. I enclose \$1 for the cards and your trouble of mailing them to me.

And I thank you very much.

Very sincerely,
Mrs. M. A. Noble
Wichita Falls, Texas

Dear Sir:

Will you please send me a few of your Hondo "Welcome" sign. I have visited Hondo several times and would like some for myself and my friends who have visited there with me.

By the way, I was visiting my brother-in-law and family, C. B. Gaston. Thank you.

Sincerely,
Mrs. Edwin D. Gaston
Cleburne, Texas

Dear Sir:

Would you please send me a post card of "The Sign of the Times"? More like that should be placed all over the USA - to impress drivers and make them think! Am enclosing money for card.

Sincerely,
Mrs. A. W. Wood
Arlington, Texas

Sirs:

May I have one of your "This is God's Country" cards? I want it for my card collection. The card is clever.

Stamps for the card are enclosed.

Address the card to:
Mrs. Fritz Stengel
Mason, Texas
P.S. Thank you!

Gentlemen:

I saw this picture in the Texas Star stating these cards are available. I would like to have 8 or ten, will gladly pay for them if you will let me know the price.

The paper said free, but this is too many to ask for free. I'm sending 25¢ for postage. Will send more when you let me know how much to send.

I lived in Texas 15 years, was all over the state, want to send cards east encouraging friends and in-laws to come over.

Thanks
W. W. Hampton
Durant, Oklahoma

Gentlemen:

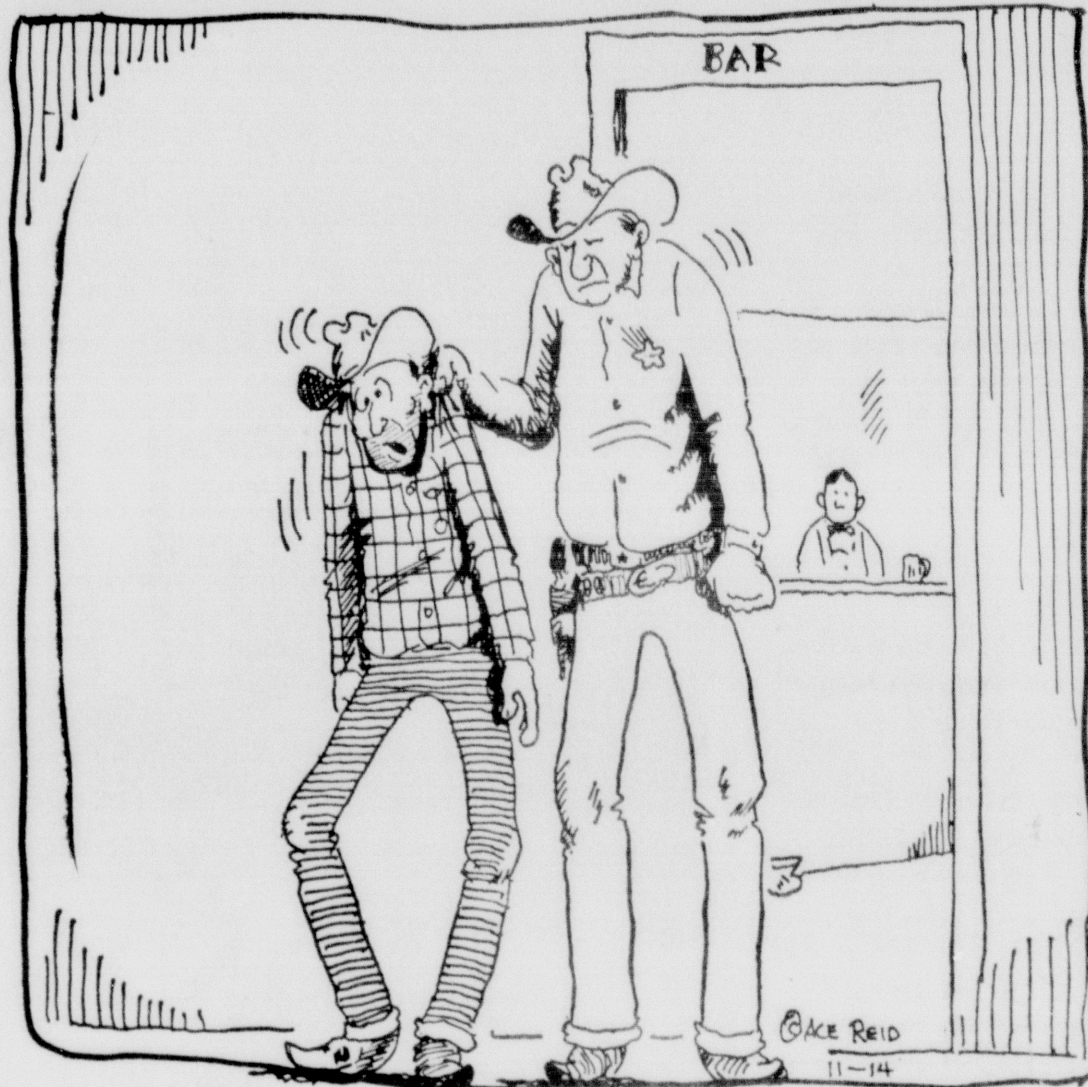

I had the good fortune to know someone who moved to Hondo and sent me a post card several years ago. Recently, I read that they were still available. I am enclosing three postage stamps and three addresses (two to England). If you could send a card to the so-named I would be very appreciative. Thank you.

Very truly yours,
Mrs. Barbara Walker

"New Sheriff, I ain't drunk, I'm jist gittin in shape fer deer season!"

KAZEN IN WASHINGTON

By Abraham Kazen, Jr., M. C.

Important help for the "little man" and the "average citizen" is contained in legislation voted by the House of Representatives last week. We passed a bill, by a vote of 344 to 44, to create a new Consumer Protection Agency.

I am not always happy with the term "average citizen," but in the context of this plan, I believe it is appropriate. Too often, when the government has to examine the actions of a big corporation, there has been an empty chair at the proceedings. The corporation has its high-powered experts, and sometimes they are out in force while the government is represented by a single lawyer or a small group of concerned officials. The new bill would provide balance by representing the public on matters ranging from false advertising and product safety to motor vehicle reg-

ulation and power plant siting.

There was considerable debate over whether even more powers should be given to the new agency, but I shared the majority view that we ought to explore the needs and learn from experience, rather than authorizing new powers that might prove to be excessive. EQUAL RIGHTS AMENDMENT

The House last week gave its approval to a proposed constitutional amendment affirming equal rights for all citizens. I voted for the joint resolution as it was passed by a vote of 354 to 23. But I did so with reservations which I wish to explain, so that my position will be clear.

I favored an amendment which said, "This article shall not impair the validity of any law of the United States which exempts a person from compulsory military service or any other law of the United States or any state which reasonably promotes the health and safety of the people."

My concern was over the provision concerning military service. If this constitutional amendment is adopted, we in the Congress will have no choice but to draft women along with men for military service. The proposed limitation was defeated by a vote of 265 to 87. It is my hope that when the Senate acts on this joint resolution,

it will leave the drafting of women to future consideration, if conditions ever suggest that action would be wise. If and when the Senate acts, the proposal will then go to the legislatures of the 50 states, and will require three-fourths of these to approve before the constitution is amended. PETITION ON UN

A forthright though brief statement was sent to the President last week by 336 members of the House of Representatives. It read:

"We, the undersigned Members of Congress, are strongly and unalterably opposed to the expulsion of the Republic of China from the United Nations."

After I signed the petition, I examined the list of names. Speaker Carl Albert's name was there, along with the Democratic Majority Leader and Republican Minority Leader. There were 19 committee chairmen and an equal number of ranking minority members of committees. The division by parties showed 174 Democrats and 162 Republicans, so perhaps "division" is not the proper term. This was truly a bipartisan statement which we hoped could help the President in efforts to see that admission of Communist China does not cause the ejection of the Taiwan government, a founding member of the United Nations.

John Seifert on honor roll

STEPHENVILLE--John M. Seifert, a Tarleton State College student from Hondo, has been named to the "B" Honor Roll for the spring semester of 1971.

This honor roll consists of those students who carry at least 12 semester hours and have no grade below "B".

ADS INCREASE WEALTH OF ADVERTISER & CONSUMER

People often have to do without something before they can really appreciate its value.

The communists believed that they could do away with advertising. The idea worked all right so long as the communist system was producing only the bare essentials for life.

However, now that better consumer goods have become available, Iron Curtain writers have rediscovered advertising. Economists in Russia and other communist countries have been pleading for more and better advertising.

As an example, the case for advertising was made in a Yugoslavian journal: "...when production--especially of articles for mass consumption--increased in numbers, became more diversified and of better quality, the question of promoting goods appeared as a problem equal to the one of organizing production. It is an old rule that goods are sold by their quality and popularity. But popularity is achieved through good advertising."

The Yugoslavian economist asks: "Does the consumer know that elastic stockings, undergarments made of synthetic fibers, mechanical toys and many home appliances are produced in our country?"

He implies that his country can not "increase production by increasing consumption and decreasing production costs" until the new products have been introduced to the consumer through advertising.

When the communists were forced to recognize advertising as a necessary vehicle for reducing costs of goods to the public they lost a score to capitalism. For now they are confirming a fact long recognized in American business; that is, advertising is an investment which ultimately increases the wealth of producer and consumer.

So Sunday night when you fall backward, be sure you're close to the bed and it won't hurt so much.

OWLS WOKE UP

The Hondo Owls seem to be wide awake during football games these days and naturally fans want them to continue their winning ways.

But I remember talking to Coach Nelson Bippert following the defeat at the hands of the Uvalde Coyotes. I said as a conversation opener: "Coach, it looks like you were run over by a train."

"No," he answered. "But we certainly went to sleep after we got on the train."

I feel sure I speak for all Owl fans when I say, "All the Way Big Blue ... No more sleeping at the switch."

STILL GOING ON

Since I mentioned the theft of trees at the cemetery, I have received a report from Mrs. Ben Oefinger that the culprits took a Magnolia tree from the family plot, and I understand they did the same at the Joe Brucks plot. Such action is despicable and points a true picture as to how low some elements of our society have fallen.

City to enforce ordinance

With its car pound completed the City of Hondo plans to begin enforcing Section 21,100 of its Ordinance Codes.

If they follow through as they have warned, this would mean cleaner streets in Hondo, for the Section deals with No Public Storage.

It reads:

"It shall be unlawful for any motor vehicle, wheeled contrivance, horse, horse-drawn conveyance, animal, bicycle, motorcycle, motor scooter, automobile, truck, trailer, farm machinery, transport apparatus or personal property whatsoever, to remain parked on any public street, roadway, parking lot or facility, or any public property whatsoever, in excess of seventy-two (72) consecutive hours. Any such parking shall be prima facie evidence that the owner of such vehicle or property is using a public street for storage of such vehicle or property, and, in addition to

the other penalties prescribed in this Chapter, such vehicle may be towed or removed to the City Pound and stored at the owner's expense."

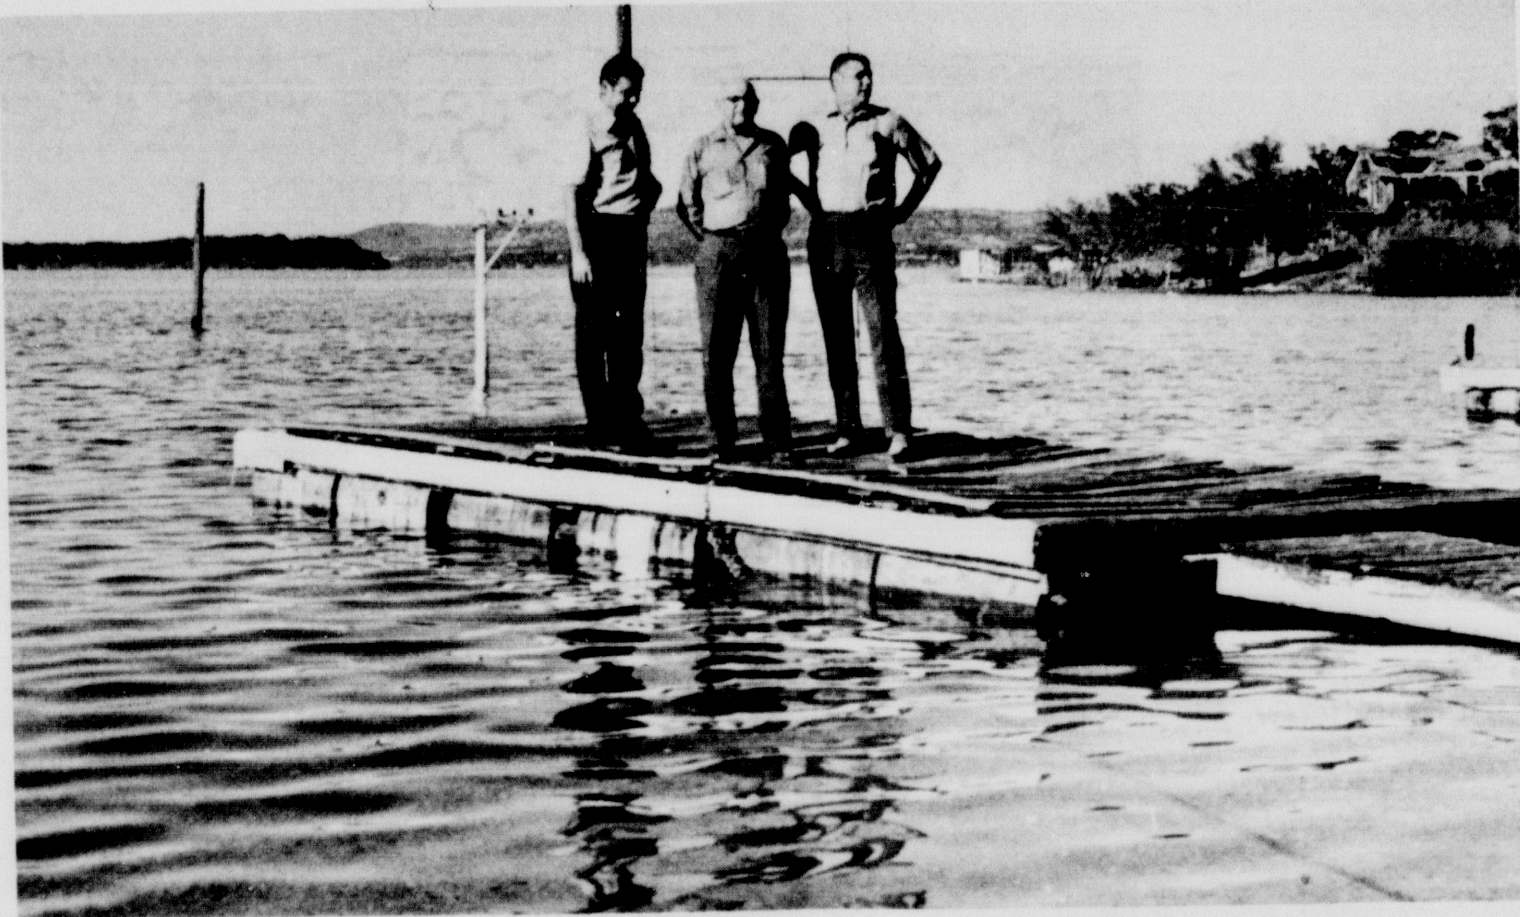

The pound has been under construction for sometime on City property on the Airbase. "We should have it completed this week," says City Manager Fritz Leinweber, "and we intend to begin enforcing the ordinance at that time."

Men charged

Two Hondo men are charged with attempted murder following an affray in the east part of Hondo about 9:45 p.m. Saturday. Joel Correa and Ernesto Flores are free on \$2500 bonds on charges stemming from a knifing.

The two reportedly knifed Roy Cruz in the fight.

The charge reads: "attempt to take life of one Roy Cruz by stabbing the said Roy Cruz with a knife."

More about . . .

Panthers vs. Owls

DeLeon (172) and Gary Filleman (150).

Two Panther runners are in the top scoring column in both district and season. Armando Pimentel (140), who Hondo coaches claim has good speed, has scored 44 points for the season, 24 of them coming in the four district games.

Mickey Conrad, (160), a good strong runner, has crossed the double stripes for 30 points this year. Their other back, Mark Legler, is a strong blocker who can open a hole at the line of scrimmage.

Team-wise the Panthers have scored 159 points for the year, while holding seven opponents to 54 tallies. In the district competition, the Panthers have scored 103 of points and their four opponents have gotten only 33 points.

Defensively the Panthers bank a lot on their forward wall anchored by 210 pound Wayne Iltis who plays the middle of the line. Carl Wamke also goes both ways

and turns in a fine job at middle linebacker.

Across the scrimmage line, Hondo will be fielding a team that has done pretty good for itself in seven games. The Owls have scored 173 points while holding opponents to 65 for the season. In district play, Hondo has scored 124 points and held four opponents to 18, and Devine got 12 of those.

Keith Ligon, with 52 points, leads scoring in the season, while Quarterback Tom Hill gets in on the action with 37. In District play Ligon has 40 points to his credit and Hill has 30. And Hill showed that he

could pass Friday night by hitting 9 of 11.

One thing the Panther victory did for the upcoming game. It assured a sell-out crowd. Ticket lines were long early Monday and Supt. Kenneth Flory had to make a trip to Castroville to get extra tickets.

Each team has two games left after Friday night. Hondo plays tough Southwest in

Barry Field on Nov. 5, while Medina Valley is playing Poteet.

Then on Nov. 12, Hondo hosts Poteet while the Panthers are talding on the tougher-than-ever Devine Warriors.

After that who will represent the district in playoffs? Friday night might tell the story--or give a clue at least.

City calls for re bids

After rejecting all bids on the first go-round, City Council has called for new bids on leasing City owned land at the Airbase.

The call for bids is advertised in this issue of the Hondo Anvil Herald and asks that bids be submitted until 5 p.m. on November 15.

Titled, Notice and Invitation to Bid, the notice reads:

"Notice is hereby given that the City Council of the City of Hondo, Texas, will receive bids until 5 p.m. on the 15th day of November 1971 for lease of four (4) tracts of 755.43, 340.57, 546.14 and 610.43 acres, respectively, for agricultural purposes only. Showers honor bride-elect

Miss Carolyn Bendele, bride-elect of Sylvan William Lutz, was honoree at a miscellaneous shower-tea given at the American Legion Hall in Castroville, Sunday, Oct. 24, from 3 to 5 p.m.

The bride-elect wore a yellow double-knit dress and was presented a corsage of bronze daisies with green centers.

In the receiving line with Miss Bendele was her mother, Mrs. Albert Bendele; the groom-elect's mother, Mrs. F. R. Lutz; bride-elect's grandmother, Mrs. Alma Bendele; the bride-elect's godmother, Mrs. William Mechler, and the groom-elect's godmother, Mrs. Jack Howard.

Thirty guests were present to enjoy the autumn theme. The serving table was covered with yellow with a lace overlay. Two double candleabras held orange candles and an artificial centerpiece of autumn leaves dried materials and autumn flowers finished the setting. This was presented to the bride-elect to keep in her new home.

Refreshments of cake, punch, mints and nuts were served.

Hostesses were Mmes. Albert Bendele, Jr., Armin Bendele, Marvin Bendele, Chester Beyer, William Ben-

dele, H. J. Boehle, Hilmer Boehle, Merlin Boehle, Lee Boeing, Ervin Bourquin, Larry Bourquin, Milton Burrell, Raymond Burrell and Martin Burrell.

Also, Mmes. Walter Burrell, Garland Chambers, Arthur Conrad, Walter Etter, Roger Gonnert, Monroe Haas, Jack Howard, Virgil Krenmueller, Oscar Leinweber, David Lutz, Elton Lutz and Ervin Lutz.

Other hostesses were Mmes. Harold Lutz, Paul Lutz, R. J. Lutz, William Mechler, Ray Mumme, Jr., Arnold Mussman, Virgil Neil and Wesley Neuman.

Also, Mmes. Oscar Rohrbach, Herman Schultze, Samuel Strunk, Milton Theiss, Sr., Milton Theis, Jr., Joe Theis, Claude Wengenroth, William Wengenroth, Fred Young G. A. Masters and Miss Beverly Schott.

The hostesses' gifts were a 13-piece set of pots and pans, a set of Mel-mac, and large platter with vegetable bowl.

Mrs. Albert Bendele, Jr., sister-in-law of the bride-elect, presided at the bride's book.

SURPRISE SHOWER

On Oct. 12, Miss Bendele was honored at a surprise kitchenware shower given in the home of Mrs. Albert Bendele, Jr. with Mrs. Harold Lutz as co-hostess.

The 15 guests were served pie, coffee or iced tea. She was presented kitchenware gifts which were chosen in advance and a 14-speed blender.

Linda Bader, party honoree

Mr. and Mrs. Woodrow Glasscock, Jr. entertained Miss Linda Bader with a dinner party Saturday evening, Oct. 23, at a dinner-theater in San Antonio.

Miss Bader is the bride-elect of Bobby Fohn and daughter of Mr. and Mrs. Fred Bader of Hondo.

Twelve guests attended including brother of the bride, Jon Bader of Austin, and parents of the groom, Mr. and Mrs. Joe C. Fohn of Hondo.

I'm here

Peggy Rebecca Sorrell

Mr. and Mrs. Michael Sorrell, now of Athens, are the parents of a baby girl, Peggy Rebecca, who arrived on Sunday morning, October 17, 1971. She weighed five pounds and 13 ounces.

She is being welcomed by a sister, Susan Elaine, and her grandparents, Mr. and Mrs. Wilbur Balaske of Dallas and Mr. and Mrs. Burley Sorrell of Natalia and her great-grandparents, Mr. and Mrs. Austin P. Richardson, also of Natalia.

John Paul Reily

Mr. and Mrs. Jack D. Reily of Fort Worth are the parents of a son, James Paul, who arrived on Thursday, October 21, 1971. He weighed six pounds and 15 ounces and was 20 inches long.

His grandparents are Mr. and Mrs. Albert Paul Crawford of Girard, Illinois, and Mr. and Mrs. Paul Reily of Hondo. He is the first grandson in both families.

Kimberly Sue Marquardt

Mr. and Mrs. Kenneth Marquardt of San Antonio are the parents of a baby girl, Kimberly Sue, who arrived Thursday, October 14, 1971, at the Methodist Hospital. She weighed seven pounds, 8-1/2 ounces.

Kim Sue is being welcomed by a brother, Kent, and sister, Marianne. Grandparents are Mr. and Mrs. Otto Marquardt of San Antonio and Mr. and Mrs. M. A. (Buster) Rath of Hondo.

Great-grandmother is Mrs. Georgie Stevens of Kerrville.

QUESTION:

I recently had a heart attack and my doctor told me that I would never be able to work again. He advised me to file a claim for social security disability benefits. I am 47 years old. If I qualify for benefits, will my check be reduced?

ANSWER:

No. Your benefit would be figured as if you were age 65 at the time you became disabled. There would be no reduction in your monthly benefit.

QUESTION:

I am drawing a social security disability check each month. If I get better and return to work, what should I do?

ANSWER:

You should notify the social security office immediately that you have returned to work. If you fail to do this, there is a possibility that you might be overpaid and have to pay back some money to us.

Couple to be wed in near future

Mr. and Mrs. Joe H. Biry of San Antonio announce the engagement and approaching marriage of their daughter, Jerriane, to Thomas H. Richter, son of Mr. and Mrs. Charles V. Richter, also of San Antonio.

The bride-elect is a graduate of Winston Churchill High School and is presently attending the University of Texas where she is a sophomore.

The bridegroom-elect is a graduate of Antonion High School and is presently a se-

nior at Texas A&M University and will graduate in May with a BBA Degree in accounting.

Jerriane is the granddaughter of Mr. and Mrs. Edgar Stiegler of Hondo and Mr. and Mrs. Henry A. Biry of D' Hanis. Tom is the grandson of Mrs. Marie Richter of Hondo and Mr. and Mrs. Henry Flory of Floresville.

A January 8 wedding is planned at St. Matthew's Catholic Church, San Antonio.

Mrs. Stolte honored on birthday

The children of Mrs. Robert Stolte honored her with a dinner Sunday, Oct. 24, it being her 84th birthday.

Also attending were her three sisters, some of the grandchildren, nieces, nephews, friends and other relatives.

Janice Martin named YH Little Sister

Janice Martin, Hondo High School senior, has been selected as the Hondo Young Homemakers' Little Sister.

Women plan luncheon

The monthly get-together of local business and professional women is slated in Hondo for Wednesday, November 10.

"This is not a club," a spokesman for the group said, "but just a group of women who wish to get together once a month during their lunch hour. Those who would like to meet and have lunch together on this date, may call Grant's Barbecue and make reservations."

Nancy Mumme went by plane to Nashville, Tennessee to attend the Country Music Awards activities.

Mr. and Mrs. J. M. Duncan of Killeen and Capt. and Mrs. H. R. Hollister and sons were guests in the home of their parents, Judge and Mrs. James R. Duncan, and Mr. and Mrs. Frederick W. Bohm-falk.

Capt. Hollister is on his way to a second tour of duty in Vietnam, and Mrs. Hollister will reside in Pennsylvania until his return.

Engagement announced

Mr. and Mrs. Alfred Henderson, formerly of Hondo now of Las Vegas, announce the engagement and approaching marriage of their daughter, Cynthia Elaine, to Clarence Jackson, son of Mr. and Mrs. Clarence Jackson of San Antonio.

Miss Henderson is a 1967 graduate of Hondo High School and is presently a senior nursing major at Texas Woman's University in Houston.

Mr. Jackson is a 1967 graduate of Highlands High School in San Antonio. He attended North Texas State University in Denton and is now a member of the San Antonio Eagles football team.

The wedding is planned for February 5.

This selection is based on her leadership in the FHA organization and her desire to continue her education in the field of Home Economics. She is the daughter of Mr. and Mrs. Oliver Martin.

The club voted to donate the book "Gone are the Days" by Anna Lee Burns, Utopia, Texas, to the library. This book was reviewed by the authoress at the YH area convention and is most interesting.

Members and their families enjoyed an after-game social at the home of Mr. and Mrs. J. D. Schmidt, following the Hondo-Carrizo Springs football tilt.

TO A SOLDIER

By Thomas G. Fasone

**When a soldier falls in the field of glory
The rocks will cry and the soil becomes
soaked with tears
And in the early spring or when the
leaves begin to fall
And we go to find his spoils in his
green Pasture
There we will find red roses
So you see a soldier really never dies.**

That's all she wrote

by Edna McDade

Indian, I've decided, is my favorite variety of summer. We have days of a reasonable facsimile at home but to experience the season here as it has continued since my arrival is what we now call "somep'n else!"

When the Indians war-pathed along the shores of Lake Erie and the Niagara River (much, much longer ago than when you and I were young, Maggie) they must have left a secret formula for the glorious autumns that have followed since. These alone would have justified hatchet-burying.

Editorial pages in this area have produced columns explaining all about the chlorophyll content of the leaves and the reason for their disintegration, come fall.

The action of carbon dioxide, acidic liquid, alkaline substance, the closing off of vascular bundles etc., only serve to confuse me with the facts.

All I know is that what I'm seeing all around me outdoors is what I'm getting a soul -filling joy out of -- And let the preposition take its own position in the matter!

PAULA MARIE (3) and JOHN JEFFREY, who was two on Sept. 9th, are the children of JOE and MARY JO TORRES. As I met them a few weeks ago, they were accompanied by their grandmother, Mrs. PETRA (Ignacio) RIOS, who was pleased to know that her grandchildren would "get their names in the Anvil Herald".

Yankee-summering geese are headed south. John and I have watched several flights in their annual migration. Some, I understood from their honky-talk, plan to put down on the Texas coast. Good judgement unless too many hunters spoil their holiday.

Each time I hear a gaggle of geese giggle as they wing past overhead, I run out to watch the show and marvel anew at how the wild things know their way around.

It has been some weeks since I saw RALPH and LANA HAUGER's son, WADE, squiring his Grandmother Hauger about town. Wade had a scratched face which his grandmother explained was caused by a "bad old cat".

Wade promptly corrected her as he shook his head. "It's a good cat, he just likes to scratch." Doing what comes naturally, naturally!

Youngstown is steeped in history as is much of this region. I am trying to absorb some of it (at this late date) and I have enjoyed reading books from the Library which is conveniently near by.

I learned that the first school here was started in 1806, on land that was part of the territory ceded by the Iroquois Indians to the British as indemnity for the Devil's Hole ambush of British Troops.

John took me to Devil's Hole Park and I agree that the swirling water in the Niagara is aptly named. While we were there a group of Catholic nuns from Oneida joined us for an exchange of greetings. Said the youngest in the group, "My imagination must be working overtime. I believe I can hear the bloodcurdling yell of some Iroquois ghost!"

In my beginner school days, "copybook exercises" were very much on the required list. Then the samples set for us to copy were called proverbs, wise sayings or great quotations.

In the days of New York's (state) "hybridization of language" as one historian records the "inelegance of education, due to the conflict of Dutch and English instruction", children painfully copied what were then called "Amorphisms" in their writing books.

Two such were "Carefully mind to mend in every line" and "Game not in school when you should write."

The above precepts are of 1754 origin. But, breathes there a 1971 school teacher who would not agree that they might still apply -- providing, that is, that the kids could still get the message?

State employees play big part in local activities

Want to build a dam, obtain a how-to-do-it publication on canning, or identify an obscure plant specimen? The "Texas Professionals" in state government will help you. They will provide plans and drawings, technical assistance and, in certain cases, help you finance your project.

The Texas Public Employees Association (TPEA), an organization for state employees now celebrating its 26th anniversary, is made up of a wide variety of professions offering Texans an even wider array of services.

Gov. Preston Smith has designated the week of October 24-30 as Texas Public Employee Week in Texas, calling attention to the annual meeting of the TPEA Oct. 24-26 in Austin. The

theme of the convention is "Your Texas Professionals," a TPEA spokesman said.

There are some 1300 different job titles on the state's classification list, and if unclassified employees such as those hired by state-supported colleges and universities are counted, the list more than doubles.

Hondo and Medina County are fortunate to have many state employees living and working here. Their salaries add much to the economy and they are an integral part of their communities.

There are so many departments with such a variety of expertise that it's safe to say a Texan could ask a question of a state employee on virtually any subject from oceanography to genealogy and get a surprisingly detailed answer by return mail.

The Texas Public Employees Association is proud of its diversity and professionalism," says Jerome Chapman, president of TPEA.

"At the same time, we are equally proud that only three other states have fewer state employees per capita."

With all its diversity, Texas has only 90.3 employees per 10,000 citizens.

Figures show that the state spends only 9.7% of its total budget on salaries and wages.

"Yet, the services provided by our state employees are as diverse as the state we serve," says Chapman. "And the professionalism achieved by our state employees, despite numerous problem areas, assures citizens full value for each tax dollar spent on their salaries."

Few Texans are fully aware of the services made available by state employees.

They took part in training the monkeys that took the first trips into outer space, for example. State employees write and publish books on everything from beekeeping to history. They participate in archaeological exploration, narrate talking books and measure everything from the accuracy of a supermarket scale to the purity of the local water supply.

Yet the TPEA is vocally concerned lest what it calls inadequate salaries and few fringe benefits will lead to an erosion of the professionalism in the state service. Chapman says a recent survey among members revealed several problem areas which are leading to loss of state employees to private industry and other governmental units.

"Using one method of measurement," Chapman says, "the very least it cost Texans to recruit and train employees last year was \$19 million." Adding to that burden, Chapman says, was the fact that the huge number of new employees were not able to give the efficient and economical service taxpayers expect and deserve. State retirement system record show that 53.7 percent

of all classified state employees have less than five years of service.

The TPEA survey revealed that 27.4 percent of state employees responding had second jobs in order to make ends meet in this day of rapid inflation. Additionally, nearly half the males responding to the survey found it necessary to have their wives working also.

Besides working for equitable salaries, TPEA encourages benefits for long-term or career employees, rewards members for creativity, economy and efficiency in managing the state's business, and keeps the membership informed, especially about the working of all branches of state government.

TPEA considers all this in all ways compatible to the best interest of the state, Chapman says. "Our goals are to see that state employees receive a reasonable compensation for each hour spent working for the state, and to see that taxpayers receive a reasonable full value for each tax dollar spent on salaries."

He feels the state can't have one without the other. "Without equitable salaries, the state cannot hire and keep employees who will give taxpayers the quality of service they require and deserve," Chapman says.

TEXAS PROFESSIONALS—Gov. Preston Smith discusses Texas Public Employees Week with Jerry Chapman, center, president of the Texas Public Employees Association (TPEA), and Jim Stewart, right, executive director of TPEA. The Governor has designated the week of Oct. 24-30 "Public Employees Week" in Texas in tribute to the dedicated employees of the state who operate our state government.

The first Recreation Group meeting will be held Saturday, October 30, at 1 p.m. at the City Auditorium.

Four-H members interested in a continuing project in which they learn to lead games of all types are invited to attend the monthly meeting. They should be on time and ready to have an hour's fun.

October 25, the Horticulture Project Group No. 1 had a meeting. They are rooting, coleus plants in peat moss and water.

They also elected officers. The officers are: president, Paula Moos; vice-president, Hank Muennink; secretary, Pam Pitre; reporter, Dorothy Jones; sergeant-at-arms, Paul and Tommy Aelvoet; telephone chairman, Judy Heiligman; project chairman, Sandra Moos.

Mr. and Mrs. Donald Muennink are group leaders.

--Dorothy Jones, reporter

South Hondo Unit II 4-H enjoyed a program on the art of making posters. Mrs. James Prenzler presented the program to the group. Presiding at the meeting was Bruce Martin.

Others in the ceremonies included Deborah Lindeburg, Janet Wilson, Nancy Martin, Debbie Marquis, Sandra Moos, Leslie Muennink and Paula Moos.

Committee reports were given by Robert Marquis, Deborah Lindeburg, Doug Cole, Susan Zuberbuehler, Sandra Moos, Mrs. C. L. Cole and Mrs. Prenzler.

It was decided that the 4-H unit would add the ROT program at the recycling center on Saturday mornings. An anti-pollution skit was given by Larry McWilliams, Kay Martin, Pam Pitre and Nancy Martin.

Volunteers to help with the city clean up program Oct. 30 include Doug and Chris Cole, Hank Muennink, Nancy and Kay Martin, Janet Wilson, Carol Schmidt, Lori Mueller, Dorothy and Paula Jones, Pam Pitre, Travis Sanford and Vaughn Williamson.

Jayne Timberlake and Lori Mueller were welcomed as new members. Pecan baking contest forms were distributed. Completion certificates were presented to Kay Martin, Pam Pitre, Sandra Moos, Nancy Martin and Leslie Muennink for clothing; Dorothy Jones for child care; and Chris and Doug Cole for recreation.

November meeting will be held at the audio visual room at the high school.

Little twister does damage

The Coyby Joe Heyens had a narrow escape on Tuesday, October 19, when a small twister ripped by the side of their home and took tin off to sheds, blew over several good-size trees and knocked their TV antenna to the ground. The family was not home at the time. When they arrived they were relieved to find that

some show animals and horses in the sheds had not been injured. The winds whipped the tin some two or three hundred yards up the hill, knocking down some electrical lines on the way. And a lot of it was dumped in the yard of Clay Heyen. "We were just lucky," Colby Joe and Cappy said.

Southwestern Bell tells plans to stop fraudulent callers

Southwestern Bell is out to stop people from using fraudulent telephone credit card numbers and fake phone numbers to make long distance calls without paying for them.

"We're making it more difficult for fraudulent long distance calls to be completed," said Harold Johnson, Manager for Southwestern Bell here. "If a fraudulent call is completed, using a fake credit card number or phone number, we have new ways to detect, investigate and prosecute the person responsible."

Highlights of the new plan include:

- Changing of the credit card numbering system
- Training of long distance operators to detect fraudulent calls when they are placed
- Use of computers to spot fake credit card numbers and phone numbers

when long distance calls are billed.

Most fraudulent calling involves illegal charging of calls to Bell System credit card numbers.

"But under our new system," Johnson said, "if a person in Hondo makes a call using a non-existent credit card and the operator doesn't catch it, we can still spot it through daily processing of toll message tickets. This means quick identification--maybe in 24 to 48 hours. It's virtually impossible to escape detection after that. We can identify who made the call with just one call."

Use of an unauthorized or fictitious telephone credit card could violate both state and federal law. Maximum penalties range from a \$1000 fine and 10 years in prison if convicted of a felony under Texas law to a \$10,000 fine and five years in prison for

felony conviction under federal law.

"There are good reasons for the stiff penalties," Johnson said. "The Bell System may lose \$34 million to toll fraud this year. In the five states Southwestern Bell serves, toll fraud losses may top \$3 million."

When a person makes a fraudulent call, "we'll be right there to stop him next time--either face to face or in a court of law," Johnson said.

Scout Troop wins Award of Merit

St. John's Boy Scout Troop 219's first time to enter Scout Country BSA Saturday, Oct. 23, is a success story.

The Troop's booth and special display on the Winter Dwelling of the Caddo Indian received a perfect score with an award of merit and honor at McGimsey Scout Park.

Rojellio Macias is part of exercise

U.S. FORCES, GERMANY --Army Private First Class Rojellio S. Macias, 20, son of Mr. and Mrs. Reynaldo Macias, 608 Crouch Ave., Devine, is participating with more than 11,000 troops in exercise reforge III in Germany.

He is a tank crewman with Company C, 4th Battalion of the 1st Infantry Division's 64rd Armor at Ft. Riley, Kan.

The "big red one" division consists of three brigades. The 1st and 2nd Brigades are based at Ft. Riley and the 3rd Brigade is permanently stationed at Aulsgang, Germany.

The men of the 1st and 2nd Brigades, with support units, flew to Germany to join the 3rd and move to the exercise area extending from Munich to near the Czechoslovakian border. Emphasis in the exercise was placed on testing procedures for receiving, assembling

Reflections on food and fibre abundance

By Glenn Bragg
Medina County Agent

Here in Hondo

Attending the Grand Chapter Order of Eastern Star in Austin this week were Mesdames Lena May DeMontel, Agnes Oefinger, Frances Piel, Mary Pope, Alleen Richter and Mr. Frank Delony, who was appointed chairman of the Masonic Ambassadors committee.

Texas agriculture produces an abundance of food and fiber each year, so consumers are blessed with a plentiful and high quality supply of produce. Thus, it's appropriate to reflect on the agricultural industry in the state in preparation for Food and Fiber Abundance Week in Texas, November 15-21, points out County Agricultural Agent Glenn Bragg.

Cash receipts from farm marketings during 1970 totaled \$3.1 billion with \$1.9 billion coming from livestock and livestock products and the remainder from crops. Total cash receipts are expected to reach the \$3.76 billion mark in 1976.

Agriculture is one of the most efficient sectors of the economy, explains Bragg. In 1970, each farm worker supplied himself and 46 other persons with food and fiber needs.

The county agent also points to the fact that Texas consumers are continuing to

get a bargain at the food market. The average consumer spent 16.5 percent of his disposable income for food in 1970. Over the past 10 years, the amount of disposable income spent for food has decreased 19 percent. In the meantime, per capita food consumption increased six percent.

Bragg adds that the overall agricultural industry has a tremendous impact on the total economy of the state, adding almost \$10 billion annually. Recent studies show that agriculture has a multiplier effect of 2.7. Therefore, if agricultural income increased \$1 million, then the total economy of Texas would increase \$2.7 million.

Texas generally ranks third in the United States in total crop and livestock cash receipts after California and Iowa. Texas is the leading producer of cotton, grain sorghum and several other crops and leads in all cattle, beef cattle, sheep and wool, and goats and mohair.

COUNTY AGENT NOTES

Producers in Medina County should spray cattle for lice in fall instead of waiting until they are noticeably infested.

Treating cattle for live now is effective because of mild weather, shorter hair on cattle and smaller lice

populations. The low population found now is the source of this winter's population.

By winter lice populations will build up, cattle will have suffered greatly and heavy populations are more difficult to control.

The key to effective control is to make thorough applications. The use of a wetting agent such as soap will help in obtaining a more thorough application.

Insecticides recommended for lice control include: Sevin, Clodrin, Coral, Lindane, Malathion, Korlan, Toxaphene, Neguvon and Ruelene. Additional information on rates and mixtures are available in the County Extension Office.

County economy boosted

Petroleum production continues to play a significant role in the economy of Medina County with a direct input of \$846,889 last year.

According to the latest compilation of Texas Mid-Continent Oil & Gas Assn., the county in 1970 produced 250,392 barrels of crude oil valued at \$826,294 and 141,061 thousand cubic feet of natural gas valued at \$20,595. It ranked 173rd in value of petroleum produced.

In addition, the county received the stimulation of \$105,861 in royalty payments to landowners and others with mineral interests.

"Medina was one of 187 Texas counties that had petroleum production valued at

more than \$125,000," says Kenneth E. Montague, Texas as Mid-Continent president. "Its ability to produce helped Texas meet a record demand with record production of both oil and gas in 1970. This demand has again diminished Texas petroleum reserves as additions failed to offset withdrawals. In Texas, we only drilled 8,114 wells -- the smallest number since 1946."

Texas state government benefited from the county's petroleum, receiving \$38,010 in production taxes on crude oil and \$1,545 on natural gas.

Drilling expenditures in the county totaled \$65,791, all being lost on one dry hole.

Throw it just any-old-where

That certainly seems to be the philosophy of many Americans today when it comes to dumping their garbage and trash. This filthy sight on the River Road to Medina Lake from Castroville proves it. County Com-

missioners Fred Bader, Ira Barron, Charles Langfeld and Hilmer Mangold say they have this problem all over the county. People just drive out a road and dump their filth anywhere they take a notion. All pre-

cincts have official dump grounds as of now and the Commissioners urge all residents to "please use them so that garbage can be covered to protect the health of everyone."

Services held for Mrs. Helen Hubbard

Funeral services were held for Mrs. Helen Hubbard, 91, Oct. 27 at St. John's Church, Reverends George Steubben and Emmett Carolan officiating. Mrs. Hubbard died at Medina Memorial Hospital Oct. 25, 1971.

Mrs. Hubbard was the daughter of the late Pancreas and Elizabeth Fohn Enderle born July 1, 1880 in D'Hanis. A housewife, she was married to the late Charles P. Hubbard who died July 7, 1927. She had lived in the Hondo-D'Hanis area all her life and was a member of St. John's Altar Society.

Surviving Mrs. Hubbard are two sons, Maurice Hubbard of Houston and Lawrence Hubbard of San Antonio; three daughters, Mrs. A. H. (Dorothy) Bendele and Miss Mary Hubbard, both of Hondo, and Mrs. Margaret Schwalje of New Jersey; al-

so seven grandchildren and 8 great-grandchildren.

Rosary was recited Tuesday evening at St. John's Church. Interment was in Holy Cross Cemetery, D'Hanis.

Pallbearers were Harry Filleman, John Enderle, Harry Mueller, Sr., Henry Martin Finger, Ferd Rock, Alfred Rohrbach.

Guinn-Horger Funeral Home was in charge of arrangements.

'Hogs expected to whip Aggies by 34

It seems as though Colorado hasn't been satisfied this fall to go just from one frying pan into one fire. They've bounced from one pressure cooker into another

... from L.S.U. to Ohio State to Oklahoma ... and now to Nebraska! The 11th-ranked Buffaloes, in spite of a heated up schedule, have lost just one. However, to

whip top-ranked Nebraska, they're going to have to cook on every burner. The Cornhuskers are favored by 21 points.

Ohio State, after its loss to Colorado, has been rolling without trouble. The Bucks are ranked 12th, and are tied for the lead in the Big Ten with Michigan. Minnesota, after taking a whumping from the Wolverines last week, does a bit of the frying pan act too as they run into the Buckeyes this Saturday. Ohio State will top the Gophers by 21 points.

And speaking of a team that is rolling: since Arkansas was unexpectedly spanked by the Tulsa Hurricanes, they've bounced right up the national ladder. Ranked in the #6 spot this week, the Razorbacks will blast Texas A&M Saturday by 34 points.

Hey, how about that old forecasting average! Thanks to a delightfully polished crystal ball a couple of weeks ago, we're now batting a rather respectable .763 through the weekend of October 16th. The totals: 890 right and 277 goofs.

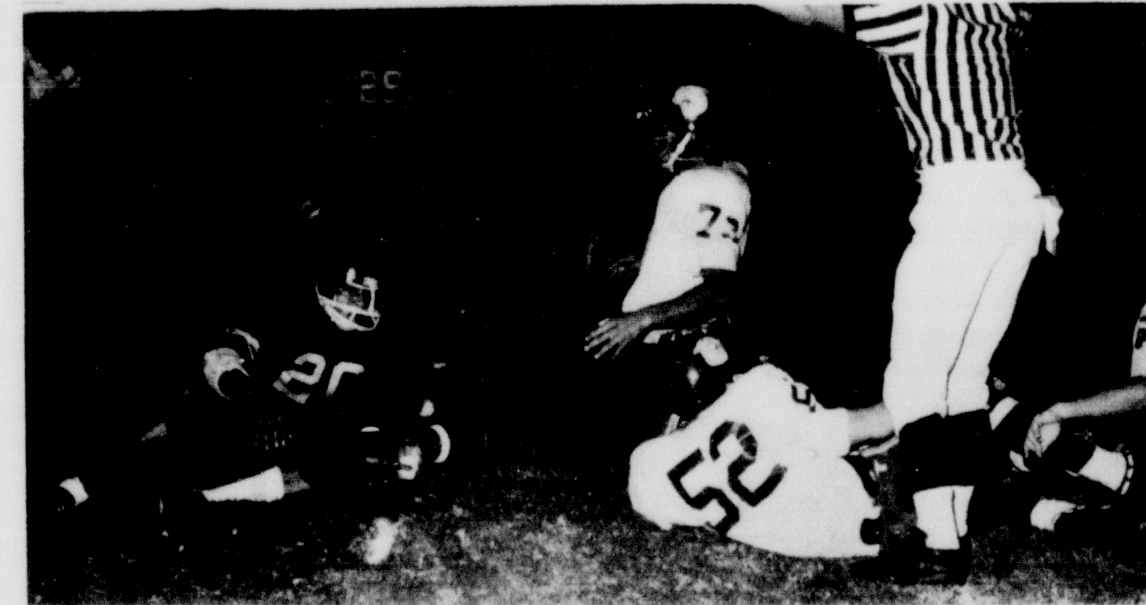

The Indians of Stanford were slowed down a bit last week in their race for that second consecutive West Coast Conference championship and a berth in the Rose Bowl against the Big Ten. Stanford, 5 and 2 after losing to Washington State, is ranked 14th this week in the Harmon ratings, and it should make Oregon State victim number 6. The Beavers are 15-point underdogs.

And the awesome offensive power of 2nd-ranked Oklahoma will meet an Iowa State team that is a breather for nobody. The Cyclones are just one the fringe of our top 20 group. The Sooners, however, will keep pace with Nebraska, clipping Iowa State by 28 points.

Returning to Southeast Conference warfare after a week's lay-off, Louisiana State, #9 in the nation, goes after the Mississippi Rebel. Mississippi is also just outside the top group this week. The Tigers will win it by 14. Auburn, #8, and very much in the title chase, will bump Florida by 23.

Ramond Hicks to speak at YF meeting

Wildlife management and game hunting will be the subject of a program to be presented on Tuesday evening, November 9, at Hondo High School.

Raymond Hicks, well-known Bandera County rancher and world traveler, will

be the featured speaker for the program which is sponsored by the Hondo Young Farmer Chapter. Other speakers will talk on methods of game hunting and fun safety.

A demonstration of "buck rattling" using a pair of deer antlers is also expected, according to Glenn Dittmar,

Young Farmer Chapter president. The public is invited.

Hondo Young Farmers is composed of young men actively engaged in farming or ranching or in agriculturally-related business. Each month the Hondo chapter presents programs of interest that feature specialists from a wide field in many areas of agriculture.

These meetings are usually held on the third Tuesday of each month in the Vocational Agriculture classroom at Hondo High School. New members and associate members are encouraged to join.

Where have you been, Columbus?

D'Hanis youngsters participated in a half-time show Saturday night with the Cowgirl pep squad at the Cowboy-St. Anthony game. They honored Christopher Columbus by showing what has taken place since he discovered America. Actors left to right include: Sylvia Rodriguez, the Indian girl; Pat Perez as Columbus; Annette Nester as the Pilgrim girl; Wayne Cheney as Abraham Lincoln;

Mike Rothe as World War I soldier; Kent Floerke as World War II Soldier; Charles Richter as the Astronaut; Reginal Hernandez as Uncle Sam; Mary Linda Rothe as Betsy Ross, and Sophie Trevino as Statue of Liberty. (Photo by Father Victor Schmidtzyński)

Cowboys wallop St. Gerard B-Team

After a disappointing loss the previous week, Saturday night the D'Hanis Cowboys came up to defeat the St. Gerard's B-Team Royals 48-8 in D'Hanis.

Spencer Burrell plunged

one yard in the first quarter to start the game's scoring. The extra point try was no good. In quick succession, David Santos added 6 more points with a 1-yard blast, with the try for the extra

point being unsuccessful. St. Gerard's was determined not to be left off the scoreboard, though, and after a teammate's long gain, Tim Mazurek went in from one yard out for a score. Al-

ex Mendez then passed to Mazurek for the 2-point conversion.

The second quarter was almost a repeat of the Cowboys' first quarter scoring as Burrell again took the ball into the end zone for 6 points, this time on a 30-yard run. Santos returned a Royal punt 48 yards for a score, putting the Cowboys ahead at the half, 24-8.

In the third quarter, Steve Jasso, in his first start in three weeks, scored on a 1-yard smash with Santos adding the point after.

It was a night for unexpected turns, especially in the third quarter. The Royals, unable to sustain a drive, prepared to punt from deep within their own territory. After a miscue, the ball wound up in the end zone, the Cowboys getting credit for a safety.

Still in the third quarter, David Santos added 3 points with a 28-yard field goal.

Then, in the fourth quarter, St. Gerard's prepared to punt in the same position as before. This time Charles Hood managed to block the kick, and David Nester covered it in the end zone for a score.

Rick Rothe filled in at quarterback and put D'Hanis on the board once more with a 20-yard toss to Albert Rodriguez completing the scoring. The final tally: D'Hanis 48 - St. Gerard's 8.

The Cowboys are idle this week, while preparing for their first district game, a tilt against the Rocksprings Angoras. It promises to be a real battle - played in Rocksprings Friday, November 5, at 8 p.m.

Owls hold down sixth place in state Two-A

The Hondo Owls remain in sixth place in the weekly Associated Press High School Football ratings this week in Class 2-A.

The Owls follow first place Eastland, number two Refugio, Jacksboro, Klein, and Kirbyville.

The only team to defeat the Owls this year, the Uvalde Coyotes, is rated in eighth place in 3-A.

FHA selects beau

Two meetings were held for the D'Hanis Future Homemakers of America Chapter on Tuesday, Oct. 12. A short meeting in the afternoon was called to order by President Dolores Weynand.

Members were to vote for the chapter beau, chapter parents and also for the McCall's Teen Board member. Elected chapter beau is Sotenes Garcia and chapter parents are Mr. and Mrs. Mel-

vin Weynand, Mr. and Mrs. Vicente Hernandez and Mr. and Mrs. Lloyd Santleben. Betty Zinsmeyer was elected member for the McCall's Teen Board.

Later that evening, at 7:00, formal initiation of new members was held. Each new member was presented a red rose. After the ceremony pictures were taken and refreshments were served.

B—Team hosts MV eleven

Hondo B-Team football players have revenge in their hearts today as they entertain the Medina Valley B-Team on Barry Field. Earlier this year the two teams collided in Medina Valley and Hondo came off on the short end of the stick with a 7-6 score. "I believe we'll play better ball this time around," Coach George Reddell said. Last week Hondo went in to Devine and came away with a close 6-0 victory. Gene McAnelly scored the lone tally on a one-yard off tackle plunge. Coach Glenn Schweers and his Freshmen whipped Devine 24-0.

Owls overcome deficit to whip Wildcats 35-6

The Carrizo Springs Wildcats turned into roaring lions early in Friday night's battle on Barry Field by taking an early 6-0 lead over the Owls, only to fall before the Hondo onslaught 35-6 as the final whistle sounded. Carrizo brought Owl fans to their feet muttering during the first quarter when they soundly outplayed the favored Owls. And on the first play of the second quarter, when the Wildcats connected on a 24-yard pass for the first TD of the game, Owl fans began sweating a little. Quarterback Nick Castellanos whipped the pass to Juan Ruiz after two Owls had failed to tackle Castellanos for a big loss. The try for extra point failed and the Wildcats led 6-0.

But that was it. The district leading Owls made up their minds that they could play better ball and they did. They roared back with 7:54 left in the second quarter to knot the score on a five-yard run by fullback Mark Buescher. Earlier big Kebo Ligon had flashed down the sideline for some 75 yards to paydirt only to have it called back because he stepped on the sideline somewhere around the 50. Tom Hill kicked the extra point following Buescher's TD and the Owls took the lead for the night. Hondo fans breathed a little easier at halftime, for their Owls put another score on the board 21 seconds before the whistle ended the first half. This tally came on a 24-yard pass from Tom Hill to end Eric Grant, and again Hill kicked the extra point. The Owls went into the dressing room with a 14-6 halftime margin. Apparently the Owls took time to contemplate during the break and decided they could play up to their potential and came back in the second half to show their fans how it was done. About midway through the third stanza, 8:40 to be exact, Hill rolled to his right and whipped a 38-yard TD pass to wingback Faron Helvey. Hill again tacked on the extra point with a true boot. Then Ligon, who had been in and out of the contest all night after getting "his bell rung" early in the first quarter, proved that his earlier run was no fluke. He took the handoff from Hill, rambled around right end and blasted 39 yards to a TD. There was 6:25 left in the third frame when Hill booted the extra point and changed the scoreboard clock to read 28-6. The Owls were not through, however. They had one final touchdown in their system, and proved it with 3:39 left in the game. They moved down to the Wildcat 17-yard line and Hill hit Helvey coming out of the backfield for a 17-yard touchdown pass and run play. Hill then booted his fifth extra point of the night and the Owls took their fourth district win. Throughout the game Hondo showed power at the running game. Lonnie Knowles filled in for Ligon many times and turned in some fine gains. Mark Buescher did also. Hill's passing game could not be faulted as he completed 9 out of 11 attempts for 184 yards and three touchdowns. Defensively, the Owls bowed their necks after that first quarter and got tough. Greg and Mark Buescher pulled several brother combination tackles. Gordon Wiemers, John Howard and Joe Schueling added their strength and in the secondary Knowles, Nick Turner and Tomas Barrios joined Ligon in making some fine stops. The victory gave the Owls a 6-1 season record and a 4-0 district showing. Their only loss this year has been to Triple A Uvalde, who has not lost a battle this year. Carrizo Springs shows a 3-4 season record and 1-3 in district play. Statistics proved Hondo's edge over the Wildcats. Unofficially, they read (Hondo first): First Downs--20-6; Rushing Yardage--273-137; Passing Yardage--184-33; Passes--9-11-0, 2-5-0; Punt--2-31, 5-35; Fumbles Lost--1-1; Yards Penalized--6-50, 5-50.

Opening planned soon

The sign is up, the furniture is in and officials of Whitetail Lodge say they hope to open the new motel facilities this weekend. And for an opener they have bookings from delegates who will attend the Garden Club Convention to be hosted next week by the Hondo Garden Club. The motel will include 20 units with color TV in every room. This shot was snapped as the sign company installed the sign which has received plenty of comment in the past few days.

QUESTION: I will be age 65 this year and have no plan to retire, but somewhere I heard I would have to file for Medicare. When is the best time to do that?

ANSWER: A person should file an application with his social security office one to three months before the month he becomes 65. This is true even though you have no intention of retiring.

QUESTION: I understand that I should apply for Medicare three months before age 65. I applied for early retirement and now receive social security payments. Should I go to the social security office again to apply for Medicare?

ANSWER: No. An enrollment card will be mailed to you about two months before you are 65. Just fill it out and mail it back. A Medicare card will then be mailed to you.

QUESTION: My 20-year old son is getting social security because he is still in school. If he gets married, can he still get his checks as long as he is a minor?

ANSWER: No. Marriage will stop his social security checks. Notify the social security office if he does marry.

rity office or representative," according to Roy L. Swift, social security district manager in San Antonio. Swift said that a disabled worker cannot receive benefits for the first six months; however, by filing the application early, the claim can be processed and payment made on time.

Monthly social security benefits are payable to workers when they become too disabled to do any substantial work, and the condition is expected to last at least 12 months. Monthly payments may also be made to children under age 18 and to those age 18 to 22 who are full-time students. Also, a worker's wife may qualify for benefits.

Applications may be filed as soon after becoming disabled as you wish. "The quicker the application is filed and evidence submitted to support your claim the quicker a determination can be made," Swift said.

For more information get in touch with your social security office and ask for Booklet 29, or see your representative when he is in your area.

Your representative, Mrs. Fry, will be in Hondo at the City Hall at 8:45 a.m. on Monday, November 1.

Beet growers review amended Sugar Act

The South Texas Sugar Beet Grower's Association Board of Directors met in special session Thursday, Oct. 7, at 3:30 p.m. in Pearsall to review the 1971 Sugar Act as recently amended and to conduct other business.

Under the present amendments to the act, 100,000 tons of refined sugar allocation is made available for sugar cane refineries and 100,000 tons of refined sugar allocated for beet sugar refineries. As understood, the act has passed the house and is awaiting President Nixon's signature. The act as amended does not offer any incentive to growers in new potential production areas such as the 13 county area represented by the members of the South Texas Sugar Beet Grower's Association.

At the meeting, the association decided that the present expected price for sugar beets delivered to the mill would not be acceptable to the growers. Research carried out by the association indicates that this area is a lucrative production area and

Bull sale slated in Uvalde

It will be "registered bull sale time" again in Uvalde on Tuesday, Nov. 2, when Southwest Texas Registered Beef Breeders Association has scheduled the 9th annual auction on 106 head of Angus, Brangus, Brahman, Charolais, Herefords and Polled Herefords, all ready for service.

Tom Walker of LaPryor, president of the sponsoring group, stated that "this is expected to be one of the finest sales of quality stock that has ever been offered by some of the major breeders of Southwest Texas."

"We also are fortunate in having a new sales barn at Southwest Texas Junior College where the sale will be held which is modern in every respect and will give the buyers an opportunity to look over the stock to their best advantage," Walker said. Southwest Texas Junior College is located just 1-1/2 miles east of Uvalde on FM 1023 and there is plenty of parking space convenient to the sales barn.

The Association members are from a nine-county area and formed their group in 1963 with the purpose of sponsoring an annual sale of all-breed beef cattle and to promote the improvement of beef cattle. The nine counties are Bandera, Edwards, Frio, Kinney, Maverick, Medina, Real, Uvalde and Zavala.

Fowl Weather

Friend

When the season opens next Wednesday, goose hunters will be praying for good weather—miserable, cold and rainy. But, most hunters find it helps to have a veteran guide—like O. D. LaBove—to call down the high-flying game within shotgun range. The top-notch Gulf Coast sportsman operates a plush lodge for duck and goose hunters in the huge boggy marshlands of Sabine Pass. LaBove and his Shooting Resort are featured Sunday, October 31, in the Texas Star along with Catcus Pryor's humorous account of the "Counterfeit State" and advice on changing a shoestring operation into a financially successful business . . . all this and more in . . .

Constitutional amendments selected for ballot order

AUSTIN--Ballot order has been selected for 14 proposed constitutional amendments to be voted on at the November 7, 1972, election.

Major changes, including authorization for a constitutional convention, four-year terms for major state officials, higher state bond interest ceilings and equal rights for women are included in the list.

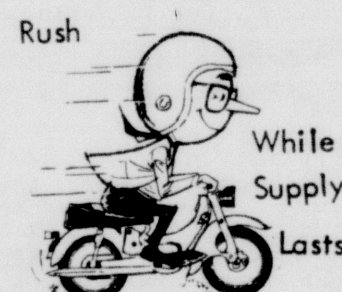

The amendments, in the order they will appear on the ballot, follow:

1. A salary raise for legislators from \$4,800 a year.
2. To abolish Lamar County hospital district.
3. To provide for compensation of all justices of the peace on a salary basis.
4. To establish a constitutional revision commission and call a convention to revise the state constitution in January, 1974.
5. To allow tax exemptions for disabled veterans, their surviving widows and children

and widows and children of armed forces personnel killed on active duty.

6. To provide a minimum \$3,000 property tax exemption for resident homesteads of those 65 and over.
7. To guarantee that equality under the law shall not be denied or abridged because of sex, race, color, creed or national origin.
8. To provide four-year terms for governor, lieutenant governor, attorney general, comptroller, treasurer, land commissioner, secretary of state and other statutory state officers.
9. To allow soil and water conservation district directors to hold, or be compensated for, more than one office.
10. To require that proposed constitutional amendments be described twice in clear language by statewide newspaper publication (633 papers).

11. To fix an annual salary of \$22,500 for speaker and lieutenant governor.
12. To permit state employees to serve on local governing boards.
13. To set a six percent weighted average annual interest rate for constitutionally-authorized bond issues.
14. To allow counties to reduce their permanent school fund and distribute money to independent and common school districts on a per-scholastic basis.
